

DRUNK, HE TELEPHONED TO ROOSEVELT

"I'm Coming Up," Said Eddie Moore; "Be Ready for Me."

HAD JOB PICKED OUT.

Thought Bossing the President's Bodyguard Would Just About Suit Him.

(Special to The Evening World)
OYSTER BAY, July 11.—"Hello, is that you, Teddy?" said a voice over the wire from the drug-store telephone to Sagamore Hill to-day.

"Yes; who's this?" was the reply of the President's assistant secretary.

"This is Eddie; you know me. Eddie Moore, of the battle-shape Kearsarge. Remember the time you shoot hands with me and the other fellows on the quarterdeck?"

"Oh, yes, what can I do for you, Eddie?"

"Why, I'm coming up to take charge of the Secret Service men. Thought I'd just let you know so you could expect me as soon as I get my uniform. I'm the champion dynamite bomb-thrower of this section and I'll make those scutts bustle when I take charge."

"All right; we'll be ready for you when you come, Eddie," and the assistant secretary hurried out to tell the Presidential protectors to keep a sharp lookout for "Eddie."

In his search for a "secret service uniform" Moore, journeyed through the Oyster Bay saloon district and in one grocer's shop he found that the wagon license was trespassed, but he couldn't make an arrest without a uniform, so he promised to return with his uniform and look up the liquor-sellers. The lower he came in the saloons the more he wanted a secret service uniform. In the last place he was telling the bartender of his new job, when an ordinary policeman arrested him on a charge of intoxication.

When taken before Justice Franklin this afternoon Moore said he was not from the Kearsarge, but from the Kentucky. He pleaded hard to be allowed to go, but Justice Franklin told him that he was in no condition to be at large at present and sent him to the county jail at Mineola for ten days.

PLUMBERS MAY FORCE BIG BUILDING STRIKE.

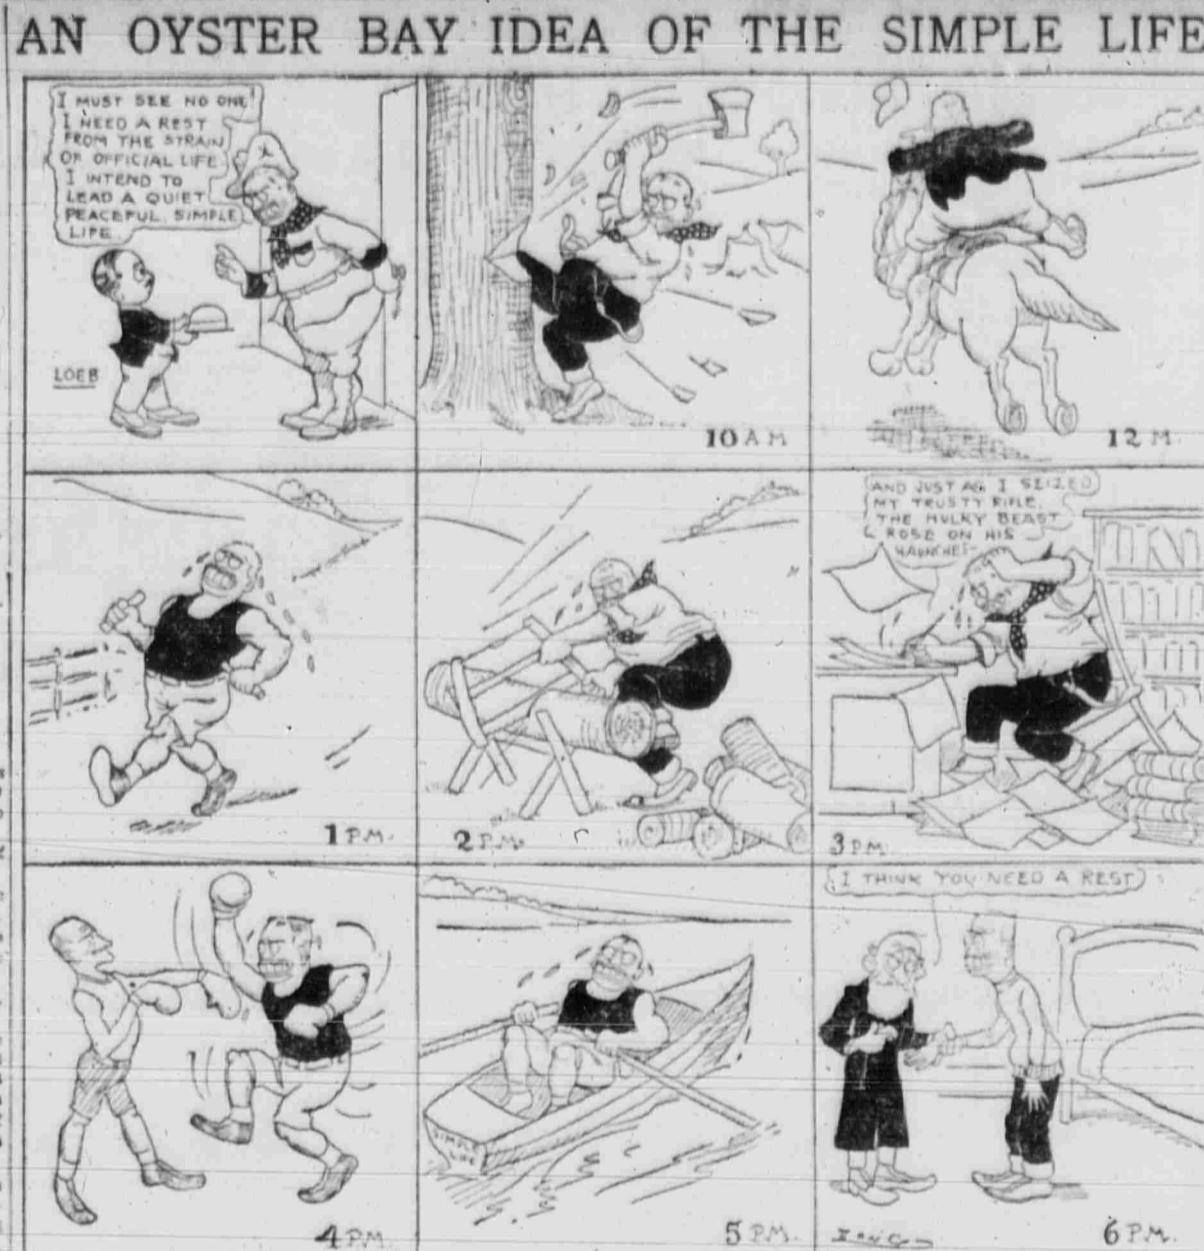

Officers of Plumbers' Union No. 2 say that the first effort made by the Master Plumbers to install men in place of the strikers will be followed by an appeal from the strikers to the Building Trades to tie up building all over Greater New York.

Members of Union No. 2 struck two weeks ago for an increase from \$4.50 a day to \$5.50 a day. The Master Plumbers offered as a compromise an increase to \$5.50 effective Oct. 1. The plumbers rejected it, demanding that the increase be effective immediately. Officers of No. 2 deny that members of that union are joining Local Union No. 40 in order to return to work. They insist that they do not believe the reported agreement between master plumbers and No. 40 will stand.

We have not lost a man yet," declared one of the officers of No. 2. "We do not believe the agreement between master plumbers and Local No. 40 to put members of the latter back to work is final, as we are informed that it was signed by only two members of a committee of eight, and we do not believe the members of No. 40 will concur in it."

NOT VICTIM OF POISON.

An unidentified man, apparently thirty-five years old, who was picked up at Forty-second street and Broadway last night, died in Roosevelt Hospital to-day. It was declared that he had suffered from apoplexy, had fallen in the street as he attempted to board a car.

Aged Mary Ann Johnson Won't Provide Room for Herself—Is Sent to Workhouse.

Although Mary Ann Johnson, an aged and emaciated woman, has \$600 in the bank she will have to serve six months in the Workhouse on Blackwell's Island because she will not provide a home for herself.

Mrs. Johnson in Harlem Court to-day said she was sixty years old, but the court officers agreed that she must be about ninety. It was her third arrest in a month. Until a few months ago she was paid \$1 a week for a room with a Mrs. Smith at No. 230 Eighth avenue. Mrs. Smith died and the family moved away. Mrs. Johnson said she did not know where she would go now, and when she asked to be allowed to leave the house she defied to sleep in the hallway.

Other tenants caused trouble, and she was sent to the Charities Department and again released. Police officers found her asleep in the hallway again last night when they came to take her to the Workhouse.

Magistrate Baker asked her why she did not spend some of her money to provide herself a room. She replied that she would not, and the Magistrate sent her to the island for six months.

She was again arrested two weeks later in the same hallway, again sent to the Charities Department and again released. Police officers found her asleep in the hallway again last night when they came to take her to the Workhouse.

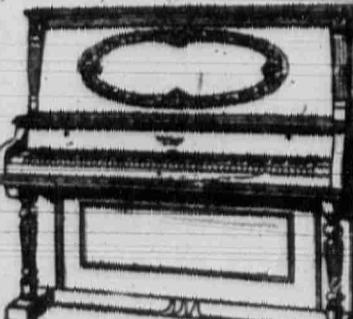

The styles are excellent—it is really as "dressey" a suit as can be made up in this form. Skirts are cut good and wide.

Considering the grade of materials used and the making, this suit should cost at least \$2. We have seen many \$2 suits that were not nearly so good. All sizes up to 48 bust. \$1

RAILROAD GUILTY OF REBATING IS FINED \$40,000

Court Punishes Chicago and Alton and ex-Officials Also Pay Penalty.

CHICAGO, July 11.—Judge Landis, in the United States District Court, to-day sentenced the Chicago and Alton road, which was recently convicted of granting illegal rebates at Kansas City, to pay a fine of \$20,000 on each of two counts, or a total of \$40,000.

John Faithorn and Fred A. Wan, former officials of the road, who were also convicted, were sentenced to pay a fine of \$10,000 each on two counts, or a total of \$20,000.

The defendants were fined on two counts of an indictment containing ten counts. The specific charge on which they were convicted was that they had given to the Schwarzbach & Sausberger Company a rebate of \$1 per car on all

shipments from the Kansas City plant of the packing company.

The defendants claimed that the charge was made against them by the packing company, which had the right to levy it because it owned the track near the plant and therefore had the right to sue the railroad for tracking.

Judge Landis, in his instructions practically directed the jury to bring in a verdict of guilty.

The Judge in passing sentence said that he could see no extenuating circumstances in the bringing of the rebates. After the entering of the sentence the defendants gave notice of appeal.

The fine inflicted to-day by Judge Landis is identical with that imposed on the Chicago, Burlington and Quincy Railroad in a similar case by Justice Belcher in the United States Circuit Court.

POLICEMAN WANTS CHILDREN CARED FOR.

Policeman Thomas Gallagher, of the Children's street station, was in the Children's Court this morning and wanted to have his three children taken care of by the Gerry Society. The children are William, aged seven, Thomas, six, and Catharine, three, and are in the care of their mother at No. 28 Eighth Avenue, and he wants to have them prevent him giving them pocket cars and that his wife is not a proper guardian for them. He lives at No. 28 Eighth Avenue, and is seeking out a woman to whom he may give his children.

Justice Wyatt to-day put the case on

WAVE TORE OFF STEAMER'S TALL SMOKE STACK

Wall of Water in Mid-Sea Swept Over British Vessel.

Struck in mid-ocean by a big wave, which tore away her smokstack and otherwise damaged the superstructure of the ship, the British steamer Sir Edward Greyville arrived here to-day from Muluca, Spain, after an impractical tunnel.

During stormy weather last Sunday, in latitude 37°30', longitude 88°30', a great wall of water suddenly swept over the vessel. It struck amidships.

The funnel went overboard on the port side, smashing the rail and crushing a lifeboat. That no one was killed or injured is attributed to the fact that none of the crew was at work about the deck.

A smokestack was collapsed, of course, by the strong wind and sufficient draught was made for the ship to proceed under easy steam.

A Good Trunk for Women

Here's a trunk that you can take anywhere, and without fear of having your things strewn over a baggage-car or station. It is not only strong and durable, but it is remarkably neat in appearance and moderately priced. It is really a smart-looking trunk and one that wears as well as it looks. It is built on the same style as our \$55 and \$60 trunks, and sells every time we show it.

It has two trays, one a swing-up tray and is covered with drab-colored duck; drab fibre bound; narrow slats; brassed malleable iron corners, bolts and bumpers; solid brass excisor lock; interior is conveniently arranged as to packing facilities; several new features are embodied.

Carnival Sale Specials from the Grocery Store

THIS is not only the largest Food Store in this country—it is also the most complete. We have a habit of calling it the "Grocery Store," but it's far more than that. We believe it to be the only store east of the Mississippi River in which a woman can find absolutely everything she wants for her table; not only groceries, but meat, fish, fruit, bread, pastry and delicatessen goods.

At present the Midsummer Carnival Sale gives the whole enormous floor added color and gayety. Over fifty demonstrations of food products are running—each with its own distribution of free samples. If you get tired, sit down in the new Japanese Tea Room and have a refreshing glass of iced Tea with our compliments.

Best of all are, of course, the values given—unmatched and unmatchable. These for example:
